

Multi-Subscription Accounts (MSA)

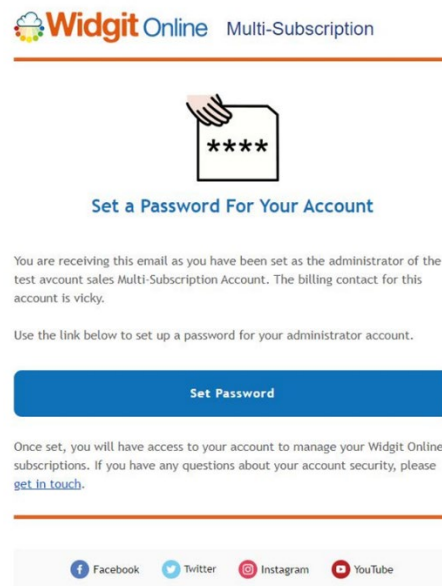

For large organisations, local authorities or Multi Academy Trusts we provide an option which links multiple separate accounts and provides a single payment and renewal point.

MSA Admins

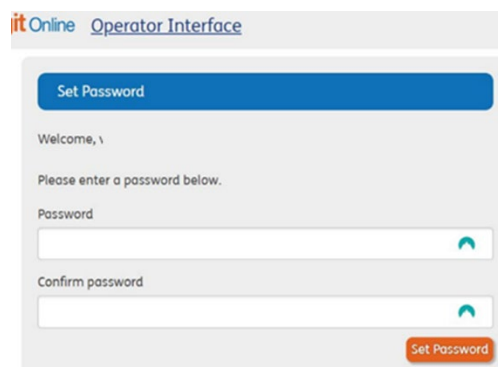

At the point of ordering, your organisation should allocate one or more administrators for the account. This admin will need to set up the sub-accounts and manage these, at the top level over the subscription period. There is also a requirement for a contact for billing/finance to be named within the MSA (but these would not be admins on the account).

How to Get Started – For Admins

1. You will receive an automated email – click on the link shown to set your password.

2. Set your password.

3. Accept the Terms & Conditions.
