Robby the robot was unhappy.

His old metal wheel was making him sad.

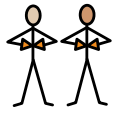

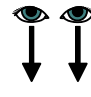

Robby phoned his best friend Olly.

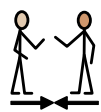

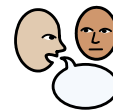

He knew Olly could help.

 was  very  clever.

 "We'll have a  look  in  Bots and Bits.

 "Good  idea"  said  Robby.

 "Lets  meet  at 9 o'clock"  said  Olly.

    
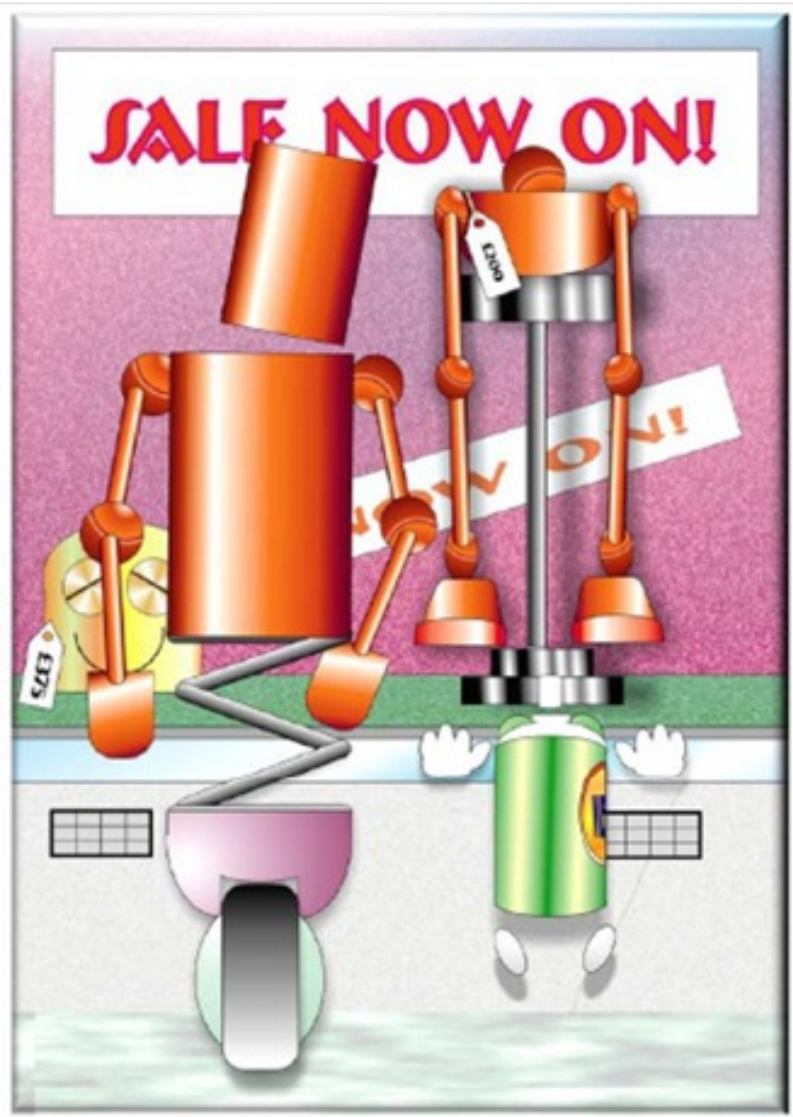

Robby went to Bots and Bits.

     
Ollie was waiting at the clock tower.

     
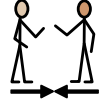

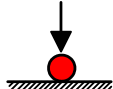

Ollie looked at his watch.

     
"Where is Robby?" thought Ollie.

  
 Ollie found Robby in Bots and Bits.

  
 "Sorry Robby, I forgot we were meeting here".

  
 Ollie found Robby some new legs.

  
 The legs looked very shiny and new.

 Robby fitted his new legs.

 He swayed and wobbled as he walked.

 "These legs are great" said Robby.

 "Look, no wheel, I have feet!"

 Soon, Robby was walking straight.

 No wobbles or swaying about.

 "Let's have some tea" said Robby.

 They had their special biscuits as well.

 +  were   very happy.

 It had been a  very good  day.

 Now  they were  feeling  tired.

It was  time to be  snug  in  bed.

 Robby  had a dream  and woke up.

 "My  wheel is  missing!"

 "Don't  worry,  you were  dreaming"  said  Olly.

 "Now  you have  shiny  new  legs!"
